Letter from the Editor,

This year is over for the MSS. Our new year begins in September with our first meeting on September 15, 2010, see meeting information for location and speaker information.

Our symposium was superb as always and we have our awesome speakers to thank for that. Also a big thank you to all of our vendors who continually support our society along with all our members that attended the meeting and those that were unable to attend for their continual support throughout the year. We all know that this profession can only succeed with the continual educational information that we are exposed to on a regular basis. The dedication to education is what keeps the MSS strong.

Remember to keep the MSS website in mind for your advertising needs. We have many visitors to our website and your job opening is sure to be filled.

Have a great summer and stay safe!

Pat Warner
