I loved the coverage of the OB material.

Variety of topics

So much good relevant information. Speakers were engaging. Food was wonderful and plentiful.

*I didn't find fault with anything! Everything was great.
Kept my interest*

Everything!

Good mix of topics and speakers

Ectopic talk was excellent.

Elastography

As always MSS provides the best speakers. I truly enjoyed each lecture.

It was broken up well with breaks

The ectopic pregnancy lecture was phenomenal

Location

The relevancy of the content

Plenty of information; loved the raffles.

All the different kinds of topics were all very interesting

Speakers were wonderful

*Learning new techniques and ideas to use and share with other sonographers at work..
Seeing friends and eating lunch with new students and giving them encouragement and advice*
